Agencies Involved:**Updates**

Date: 8/25/2015 **Status:** Correspondence

Author: O'Gorman, Brian

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

Spoke with the company contact who informed me that there were no nearby water bodies and only surface soil was impacted. Company will contact me when they have more information on the extent of the release. At this time, they did not think it would be more than a small area of surface soil removal. The pipe has been shut down, and they are in the process of repairing. More followup needed.
